

UNITED H-PSF

Product Description

Fully synthetic power steering fluid specially formulated with selected high quality synthetic base stock, PAO and chemical additives to meet the high performance demands of Honda vehicles. This product is an exceptionally high performance fully synthetic fluid for power steering systems.

This product lubricates and transmits the pressure needed for power-assisted steering with minimum sludge and deposit created. It is compatible with most hoses and seals used in the power steering system. It is recommended for power steering systems in Honda vehicles.

Applications / Benefits

- * Provides excellent friction and oxidation
- * Outstanding anti-wear properties
- * Improves hydrolytic stability
- * Superior thermal stability

Typical Characteristics

Test Description	Method	Unit	
Density @ 15 °C	ASTM D 4052	kg/L	0.851
Flash Point	ASTM D 92	°C	190
Pour Point	ASTM D 97	°C	-45
Kinematic Viscosity @ 40°C	ASTM D 445	cSt	46.2
Kinematic Viscosity @ 100°C	ASTM D 445	cSt	12.1
Viscosity Index	ASTM D 2270	-	270

Suggested for the Following Uses

- | | |
|---------|-----------------|
| * HONDA | P/N 08206-9002A |
| * HONDA | PSF-2 |
| * HONDA | PSF TYPE S |
| * HONDA | PSF TYPE V |
